CONDITION OF STAMPS

IN COLLECTIONS & ACCUMULATIONS:

- Any such lots may contain some material with faults, which is taken into account when setting the reserves & estimates on such lots.
- Description of condition of such lots is on the basis of what is the prevailing condition of the material ie: “Mostly F-VF” means some faulty items as well.
- As is the rule with all public auctions; collections, accumulations & mixed lots are not returnable.
- We encourage bidders to view such larger lots before auction, have somebody view for them, or ask us for extra information.
- We are always happy to answer any queries about specific stamps that are in a particular lot & their condition and/or provide photocopies or scans of key items.
- Also, we are happy for bidders to phone us during the viewing times (but not on auction day!) and ask for expanded description of any lots. One of our describers will then take out the lots and go through it with you on the phone answering any questions about contents, condition etc.

CONDITION OF COVERS / CARDS etc:

Postally used covers/cards can be expected to show some wear consistent with their age and travel through the mails such as light filing folds, backflap or edge faults from opening, slight reductions etc. Unless severe these will not be mentioned, and are not grounds for returns.

MALAYA - JAPANESE OCCUPATION

The following section includes an amazing original find of all different Japanese Occupation issues in full sheets that were bought by the family of the vendor in Malaya at the time of issue.

Notes on condition: Japanese occupation overprints were printed on stocks of stamps found in the various POs after the British were defeated. Many of those stamps had been in Malaya for a number of years and because of this were somewhat affected by the conditions, resulting in gum tropicalisation etc. Also a number of KGVI period issues were originally issued with darker streaky gum. Darker gum is therefore the norm, with genuine examples of most Japanese occupation period stamps with fresh white gum near impossible to find.

Bidders should assume all Japanese Occupation period material offered by Status International will have some normal gum tropicalisation. This will not be specifically mentioned in descriptions as long as it is even and the front of stamp is unaffected. Paper that is toned as well as tropicalised will be noted so will tone spots and items that are unusually fresh.

- 2904 1857-61 usage of Arms 3/- white embossed, from the revenue issue on laid paper. Superb U with absolutely huge margins on all sides, tied by 2 strikes of "Post Office / Ladysmith" in red. One assumes that some larger package was being sent and the sender or postal clerk decided that it is simpler to use this 3/- instead of multiples of lower values (or due to temporary shortage of them). While the embossed postage stamps only went up to the 1/- value, to a non-philatelist the "postage" and the "revenue" stamps would have looked part of the same issue. The rarity of this item is twofold, first the "Post Office / Ladysmith" is an extremely rare pmk known in only a tiny number of examples (this piece has 2 nice strikes in red!), second this is the only recorded example of the 3/- revenue with any Post Office cancel! Bft 7, SG unlisted but its value would have to be rated in comparison to the rarity of the 9d or the 1/- stamps. An amazing & unique 1st issue postal fiscal usage! 1993 BPA & 2006 Ceremuga photo-certs. (P)\$4000 ----\$7000

- 2902 1857-61 Arms 9d deep blue embossed. FU on piece with blue "crown / 24 MA / Natal" cancel of Durban, nice deep colour. SG 6 cat £7000+ = A\$16,000+. The embossed issues of Natal have been unjustly shunned by many collectors as they are not exactly attractive due to the design being embossed (often weakly) rather than printed. However, the top 2 values rank among the rarest of the classic issues of the world, & are in fact rarer than more famous items such as the Hawaii 5c or 13c "Missionaries". Of the 9d it is estimated that there are less than 30 genuine examples in existence, most in rather poor condition, & few would be sound examples on piece as this is. An important classic rarity! 2007 Ceremuga photo-cert. (P)\$3000----\$5000
